BY CALVIN ROBINSON

This time around there was no major upheaval about changing the clocks an hour. Took it in stride. Next date for time chaning is April 27. Most of us develop habits and get up about the same time unless some emergency caused us to set the alarm - in which case you wake up well before the alarm goes off.

The football season is winding down. Buckingham and Amherst remain on the high school schedule. It has been a good year. It would be quite a research task, but were someone to check back on won - lost records for our high school, I am confident it would show that we have won many more games than we have lost. Some student could undertake as a project and term paper, a History of football at Appomattox. How many seasons with no losses? Probably could not get a concensus as to which was our greatest team. That would be influenced by the schedule, for some years the wins are more difficult to attain. But one thing would bring agreement and that is "next year we'll win'em all."

• • •

Nor are all the victories on the gridiron. Appomattox students continue to win on the TV Klassroom Kwiz program. Last week defeated George Wythe H. S. and this week take on Roanoke Catholic. Sic transit gloria mundi. (So passes the glory of the world.)

Thanks to Bill and Hilda (Mitchell) Buckney, who live out that away in Missouri, for sending a greeting card during a vacation trip to the Bahamas. Good Times-Virginian readers. The card was from Freeport, Grand Bahamas. The card has beautiful 11 cent and 5 cent stamps, too.

And thanks to Mrs. Curtis Wilson, of the State Police Road, for bringing copies of The Tennessean, of Knoxville and the Knoxville News-Sentinel. Had been on a trip to Cherokee and The Smokeys. October has been a great month to travel.

Back in the 1930's millions of radio listeners tuned in to the broadcasts of the Rev. Charles E. Coughlin, Royal Oak, Mich. He died Saturday at age 88.

Saturday morning when I stopped at the post office for my mail, there out from was a line up of officials to remind us that election day is coming up next week. State Senator Howard Anderson was joined by county officials and leaders for a round of good old handshaking.

Item....A friend was telling us about how fast a deer can swim when he rescues a lake when being chased by dogs. Betcha.

Thanks for reading and seeya next week.

OVER THE TOP! -Members of the Appomattox County Rescue Squad are pleased to announce that as of Tuesday morning of this week a total of $15,351.50 in contributions has been received toward their annual Fund Drive. With a goal set at $15,000.00, the Fund Drive has gone over the top!

If you have not made your contribution and would still like to do so, you may give your donation to any member of the local rescue squad or mail it to Appomattox County Rescue Squad - Fund Drive, P.O. Box 57, Appomattox, VA 24522. It will be appreciated.

National Career Guidance Week-Nov. 4-10, 1979

The fourteenth annual National Career Guidance Week will be November 4-10, 1979. The theme "Evolvement Through Involvement," stresses the fact that the continuing development of career guidance depends on the active participation of all segments of the community. At Appomattox County High School the themes for each day of the week will be mentioned in the daily announcements. A united effort is necessary to help individuals realize their potentials in work and leisure. The theme days were selected to emphasize the need for different populations to be made aware of and involved in ongoing career guidance activities. Each of the following days spotlights a group that must be included as an active participant for a successful career guidance effort:

Sunday, November 4: "Involvement of Business and Labor"
Monday, November 5: "Involvement of Teachers"
Tuesday, November 6: "Involvement of Administrators"
Wednesday, November 7: "Involvement of Counselors"
Thursday, November 8: "Involvement of Parents"
Friday, November 9: "Involvement of Students"
Saturday, November 10: "Involvement of Political Leaders"

The National Vocational Guidance Associations sponsors this week each year to encourage counselors, and others involved in career guidance, to increase their efforts toward informing the public of guidance activities.

Football Contest Winners Announced

Winners in the weekly football contest sponsored by area businesses have been announced by the Times-Virginian for last week's contest.

With a possible 23 games to predict correctly, North Carolina and East Carolina game Saturday ended in a tie so we will count only 22 games in the contest.

Out of a possible 22 games to correctly predict, Jim Harding of Cullen predicted 19 correct, and is the first place winner this time. He will receive a check in the amount of $10.00 from the Times-Virginian as his prize.

Predicting 18 games correct were Mike Torrence, Juanita Cheatham, Teresa Mayberry, John W. Canada, but they missed the second tie-breaker. Predicting 18 games correct and both tie-breakers correct were Tim Marshall, John H. Wilson, Linda Cheatham and Terri Bohannon. Terri Bohannon predicted a 22 point win for Appomattox over Liberty and is the second place winner for the contest. He will receive a check in the amount of $5.00 from the Times-Virginian as his prize.

Be sure you enter the contest this week and get your entries in early .... you just may be the next winner.

Masons And Eastern Stars In Joint Celebration

Friday, October 26, 1979, was a very special event in the lives of the members of Southside Lodge No. 191, A.F. & A.M., Joseph Lacy Almond, Worshipful Master, and the Pamplin Chapter No. 58, Order of the Eastern Star, Verdella V. Hamilton, Worthy Matron.

It was a very special occasion for the two organizations. In 1976 the two organizations agreed to pay for the renovation of the first floor of the Lodge Building, using the vacated area for a Fellowship Hall. There was a need for a space in the building to be used by the Masons for such occasions as Ladies Night and other occasions when the Lodge Rooms did not provide the needed space to properly hold Masonic Celebrations. The same was true of the Order of the Eastern Star. A Building Committee was appointed from the Lodge members and plans and budgets were prepared and presented to both organizations and approved.

Work was begun on the project during the administrations of Charles McLaughlin, Worshipful Master, and Ruby

Funds Approved For Title VI-B Project In Appomattox Public Schools

The Appomattox County Public Schools have been notified of the approval of their project application for Title VI-B Flow Through Funds in the amount of $40,260.00. These federal funds are allocated annually to provide special education services to crippled or underserved handicapped individuals, ages 2-21.

The project application was prepared by members of the special education advisory committee and local school personnel. Funds received for the current school session will be used for salaries of teachers for the visually impaired, speech handicapped, emotionally disturbed, orthopedically impaired and of an aide to assist the teacher of the emotionally disturbed. Also, included in the project is partial payment for the leasing of a specially equipped bus used by students confined to wheelchairs.

Federal funds cannot be used to supplant existing programs for the handicapped but are to be used to increase the services by adding personnel where identified needs exist. The extra costs of educating the handicapped have been recognized and local school divisions receive both federal funds and additional state funds to assist them in providing services.

Appomattox County added several new classes this year, which serve the preschool developmentally delayed, visually impaired, orthopedically impaired and elementary emotionally distrubed. There has been continuation of services to the speech handicapped, hearing impaired, educable mentally retarded, trainable mentally retarded and learning disabled.

Parents and agencies are requested to seek information from the School Board Office if they would like to arrange testing for a child whom they consider to demonstrate delay in normal development. Evaluation and services are provided at no cost to the parents, as mandated by Public Law 94-142.
